Dear Gerard

I am writing to you in relation to the current consultation regarding roster changes at the NSWHP Bone Marrow Transfer (BMT) Laboratory at Royal Prince Alfred Hospital, Camperdown.

The roster changes follow recent discussions in relation to aligning roster start and finish times to workflow.

The current roster has the following shifts:

- 8.30am to 5.00pm

The team has met and have agreed to trial an 8.00am start time on high activity days.

Consultation process

Consultation with staff occurred on Tuesday 19 May 2026.

Staff have been invited to provide feedback via email or face-to-face once the trial commences

Once all feedback is received the Laboratory Manager will draft a roster that will be piloted for a 3-month period ensuring 4 weeks' notice as per the Award prior to the roster commencing.

If you have any queries please feel free to contact me.

Yours sincerely

Siobhan Cunliffe
Associate Director of HR Metropolitan
NSW Health Pathology East/South
